*Truly I tell you whatever you do to the
least of these, you did to me.*

Mathew 25 verse 40

The Children

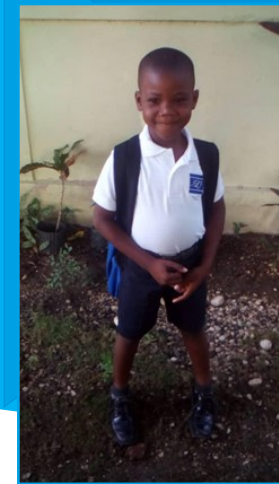

At first the children were shy and rather lean

With proper nutrition they flourish in no time.

Today the children thrive. Some excel in school while others are learning at their own pace. They make new friends and love attending church. They enjoy and support one another. Aulide is happy to contribute to the improvement of young children that had no hope of having a better life.

The Reason Why

Our goal is to raise a new generation of children that show compassion to the suffering of others and replicate the kindness that was offered to them.

Tax deductible donations

We are a 501c3 corporation. Your contributions are tax deductible. A receipt will be mailed to you, providing you give us your mailing address.

Thank you for contributing to the expenses of the orphanage. We look forward to your continued support.

Founding Principles

The founder, Aulide (Lourdes) Edouard's life passion has always been to serve humanity. Upon her retirement as a Registered Nurse from the Miami-Dade Public School, and against the advice of family and friends, she returned to Haiti, her beloved country, to care for a couple of the less fortunate children. Today, she houses eight (8) children in her modest home she and her husband built more than 20 years ago.

Aulide is grateful to the Lord for blessing her with the strength to do His will.

How it began

Use conversational text when you can. Write to your reader as if you were having a conversation with him or her over a meal.

- Use bullets to itemize lists
- Start each bullet with an action word

Keep your words simple. Don't use a longer word than you need to. For example, in most cases "use" is a better choice than "utilize."
